DETAILED ACTION

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 51-65 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Specifically, term “capable of” is not a positive statement and does not have meaning in any patentable way.

The amendments and remarks submitted by Applicants have been fully considered. Claims 40-50 have been allowed in view of the Applicant's arguments. Claims 51-65, however, remain unpatentable in view of the above rejections.
